ACME BRICK

has you covered coast to coast!

The thin brick products in this brochure are sold through Acme Brick Company's nationwide network of company-owned sales offices and independent distributors. They have been tested under ASTM C67 standard procedures and meet or exceed the ASTM C1088 specifications for thin veneer brick units made from clay or shale. Product availability and lead times may vary by location; to see contact information for a location near you, please scan the QR code on this page or visit brick.com/where-buy.

Thin Brick Types

Sawn

Extruded

Kerfed Extruded

Sawn	for commercial & residential use, varies in thickness
Extruded	typically for commercial use, flexible applications
Kerfed Extruded	commercial use only, embedded in precast concrete

King Klinker is one of the most advanced thin brick producers in the world. It manufactures thin brick with innovative modern designs, colors and textures at quality standards that exceed that of Europe and America. Choose from three authentic thin brick collections - **Ultra Premium, Glazed, or Traditional**- for your next commercial, residential or remodeling application.

Design your next project with King Klinker thin brick to create an exceptional masterpiece. A selection is shown here, with over 130 options displayed online.

Royal Thin Brick® can be installed on nearly any sound structural interior or exterior surface. Use Royal for new construction or your next renovation project. It's perfect for anywhere you want the look of full brick without the added cost and effort.

The color palette captures the character of walls built in a bygone era. All are kiln fired and rugged enough to stand up to the harshest environments. After firing, the brick are tumbled to capture the essence of worn, reclaimed brick.

Royal Thin Brick is available in Queen Size, 2 3/4" x 7 5/8", and is 5/8" thick.

Please note that this product has an approximate lead time of 8 weeks.

English Cottage

The English Cottage collection, exclusive to Acme Brick, offers a pleasing variety of rich, hard-fired colors in Modular size (7 5/8" x 2 1/4"). Gently rumbled corners add a soft hint of rustic charm. Best of all, these units are about 5/8" thick, which makes them ideal for interior or exterior applications.

The classic antique beauty of Old Carolina Brick is created by hand moulding which imparts distinctive folds, finger marks, and other surface irregularities. Each thin brick are 3/4" faces cut from genuine handmade brick so they have the same individual characteristics of genuine Old Carolina handmade brick. It can be used for both interior and exterior applications, and gives an exceptional appearance for non structural uses for walls, back splashes, wine cellars, fireplaces, ceilings, and numerous projects. Old Carolina Handmade Thin Brick will give the elegance and unique appearance unequaled by conventional machine made brick. Available in Modular (2 1/4" x 7 5/8" x 3/4") and Oversize (2 3/4" x 8 1/2" x 3/4") flats and corners.
